

# TALKISCHEAP.LITERALLY

Mitel Networks is offering superior telephony for small business needs.

**How big is your business?**  
This system is perfect for businesses wanting between 8 and 15 telephones. You get Mitel 5212 handsets for your team and a 5330 for your boss.

**Act Bigger**  
Act like a huge corporate with nothing but professional phone service. When you're away from your desk or away in general, give customers the choice of leaving a message or transferring to another person – without having to redial. When you're back, return their call using the speaker phone and free your hands for opening the mail and typing notes!

**Get Bigger**  
The system is expandable with your business; grow up to 100 extensions!

## Product Specifics

**CXI Controller**
